APPLICATION TAPES

## SCREEN PRODUCTS

TransferRite's line of Screen application tapes offer solutions for all your projects, from vending and fountain machine covers, to apparel and textiles. For those applications where digital printing doesn't do it, TransferRite is there to meet your screen-printing application tape needs. Whatever your application, you'll find the right fit in our family of tapes.

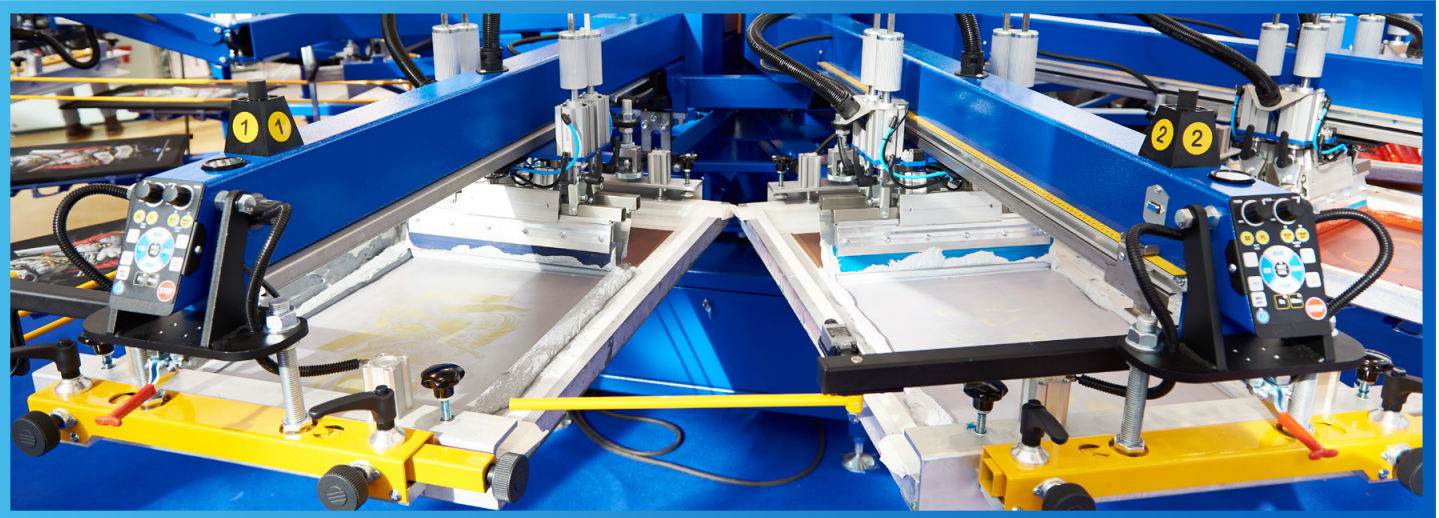

**6882** medium tack | standard, heavyweight paper  
Strong and versatile for digital prints  
Adheres to UV ink printed graphics

**782U** medium tack | premium, heavyweight paper  
All purpose for screen printing needs  
**ULTRA®** adhesive provides superior adhesion to liner  
Wet application friendly  
Tear resistant

**PM-12 PalletMask** high tack | standard paper  
Protective masking for screen printing pallets  
Use ensures a fresh, smooth surface for every print run  
Removes cleanly and easily  
Eliminates the need for cleaning solvents

TransferRite 6882 works the best for screen printed graphics, adhering to UV inks that pose challenges for other tapes in the market.

PM-12 PalletMask protects screen printing platens from the mess caused by inks, allowing you to easily peel the tape off to reveal a clean surface.
